**Subject:** Charleston County Needs Uber

To Whom It May Concern,

I am a loyal Uber customer and Mount Pleasant resident. Uber has helped enhance our community since they launched their service in our state. The positive effects of Uber more than outweigh any negative effects. Taxi service in Charleston was unreliable and almost non-existent before Uber. I personally have been met with resistance from local cab drivers when wanting to get a ride to Mount Pleasant on the weekends from downtown.

Uber provides a service that helps alleviate congestion and traffic issues that our city is currently facing. It encourages citizens to be responsible by not drinking and driving through providing reliable and transparent service to its customers. The company provide entrepreneurial-style jobs in the area to people who are in transition or need to supplement their income. Of the drivers I have had the pleasure of using, one of them had recently lost a job and was using his driving job to make money while looking for another job, and the other driver was a seasonal kite surfing instructor who used his driving job to supplement his income.

Charleston continues to evolve and so should its transportation options.

Thank you,

Kendra

Subject: #scneedsuber

Hello,

I work in the food and beverage industry and during the off season uber provided me with a stable income when I had none. By ordering uber to stop operating you have effectively taken away my ability to pay my rent and bills this month without warning. Uber is currently my only source if income. You are hurting me and several others like me by asking them to stop. Uber is a great platform and #SCNeedsUber!!!

**Subject:** Let SC Ride!!

I am writing to convey my advocacy for Uber in SC. I am frequent rider of Uber on weekends, as it is an affordable, effective, and safe way to ride. I typically use this service when I am consuming alcohol, as I do not drink and drive. Taxis are hard to come by and unreliable. They are also dirty, unsafe at times, and overpriced. Uber has been a great community friend by getting patrons and citizens where they need to be safely and effectively.

I thank you for consideration in this matter. Please keep Uber in SC!!!!

Jonathan Mayer
